THE AMERICAN ACADEMY OF RELIGION

The American Academy of Religion is a society of college and university professors and others engaged in teaching and research in the field of religion. Its purpose is to stimulate scholarship and foster research in the complex of disciplines that together constitute religion as an area of learning.

Publications of the Academy — including its quarterly Journal and occasional monographs in the Studies of Religion series — and the convening of annual national and regional meetings implement these aims. The discipline section structure of the Academy reflects the varied scholarly concerns of its members and provides for the development of both special interests and cross-disciplinary conversations. These discipline sections, formed in response to interests of the members, change to keep pace with movement in the field of religion.

At the same time the Academy is a professional society keeping its membership informed of developing programs, newly available materials, and opportunities for study grants and research funds. It also assists members seeking new positions and institutions seeking new faculty. The Academy is affiliated with the Council on the Study of Religion and cooperates in the publication of its Bulletin, a professional news magazine.

In addition to those whose primary interests are in the area of religion, many members whose primary professional identification is with societies serving other disciplines find membership in the Academy important in maintaining cross-disciplinary communication.

UNIVERSITY OF MONTANA

THE SOCIETY OF BIBLICAL LITERATURE

The SOCIETY OF BIBLICAL LITERATURE was founded in 1880.

The object of the SOCIETY is to stimulate the critical investigation of the classical biblical literatures, together with other related literature, by the exchange of scholarly research both in published form and in public forum. The SOCIETY endeavors to support those disciplines and sub-disciplines pertinent to the illumination of the literatures and religions of the ancient Near Eastern and Mediterranean regions, such as the study of ancient languages, textual criticism, history, and archaeology.

To these ends the SOCIETY sponsors:

- REGIONAL ANNUAL MEETINGS
- A NATIONAL ANNUAL MEETING
- JOURNAL OF BIBLICAL LITERATURE
- MONOGRAPH SERIES

The regional meetings are called by the several SECTIONS of the SOCIETY, presently ten in number, and vary in time, place, and duration. The general meeting sits for at least two days each year and is convened in some national center.

The JOURNAL, in its ninetieth year in 1971, enjoys an international reputation. The MONOGRAPH SERIES, begun in 1946, now runs to fifteen volumes (1971); additional volumes are published as suitable manuscripts of high quality become available.

THE SPIRITUAL CRISIS OF the Gilded Age

Paul A. Carter

Fall 1971
xvi/296 pages, illustrations, index
LC 72-156938
ISBN 0-87580-026-2
\$8.50

If God didn't die in late nineteenth-century America, He received many mortal wounds. The generation to come of age after the publication of Darwin's *Origin of the Species* really assimilated the new scientific knowledge—and seriously questioned the role of its own churches in the new, industrialized society. The comforting stability of ecclesiastical and secular unity was forever shattered; in the chaos which followed (from 1865 to 1895), senseless hostility dominated American cultural institutions—and most faithfully characterized America's Gilded Age. The religious and moral revolution of our own time experienced its traumatic birth.
